

**Gardena Customer information on UK-REACH**

Certain substances have been selected, listed and issued in the candidate list as Substances of Very High Concern (SVHC). The UK REACH directive thereby encourages manufactures to substitute these chemicals, when suitable alternatives have been identified.

Where applicable, the UK REACH legislation requires Gardena to inform customers if a product contains more than 0,1% w/w of substances listed on the candidate list. Last update UK REACH Candidate List 25<sup>th</sup> June 2020.

Gardena maintains constant and on-going checks, in close cooperation with our suppliers, of the products and other articles to be able to give the latest information.

Please note, the list only contains article which we sold at the time of making this statement.
